

	Risk	Statement	Response	Objective	Likelihood	Impact
1	Prioritising tasks	Focusing on making a task too perfect instead of MosCow.	While working on the project minimum viable product should be main priority.	Prioritising tasks to leave any unimportant task for last.	8	20
2	Connecting FrontEnd to BackEnd	Difficulties in being able to connect my application to turn it into full stack.	Ask for a lot of guidance when necessary.	Looking through related classes to find issues and solving them effectively.	8	12
3	Completing a functioning FrontEnd	Inability to create a functioning FrontEnd that has CRUD functionality.	Make sure to use Fetch API and ask for more help.	Looking through related classes to find issues.	12	20
